Pre-Seminar Retreat

Be Who You are

Led by Fr Laurence Freeman OSB / 13th-16th August

The Christian understanding of Jesus as the Word made flesh transforms the way we see our own humanity and also the natural world we are part of. "Nothing that is not against nature is against Christ" (Clement of Alexandria) - this liberating insight has to be more courageously embraced in our own time so that the mystery of Christ can become fully transformative. But this is not only a theological project. It begins - and finds its culmination - at the deeply personal level of experience. And this is why meditation in our own tradition is such a blessing and necessity - it opens us to the mystery of the inner Christ and to the cosmic Christ simultaneously. Our daily meditation leads us to self-knowledge and also gives us new words with which to understand and communicate the Word itself.

Laurence Freeman is the Director of The World Community for Christian Meditation. He is a Benedictine monk, international speaker, retreat leader and writer. His books include *The Selfless Self*, *Jesus the Teacher Within*, *Light Within* and *First Sight: the experience of Faith*. He is active in inter-religious dialogue and peace initiatives. He works for the recovery of the contemplative wisdom tradition in the Church and society at large.

The John Main Seminar is an annual event designed to broaden & deepen the teaching of Christian Meditation. It brings together meditators from around the world & those wishing to discover the practice.
